EXECUTIVE COMPENSATION

2021 Business Overview

DMC Global Inc.'s ("DMC", "we", "us", "our", or the "Company") businesses navigated a second consecutive year of challenging market conditions during 2021. DynaEnergetics, DMC's energy products business, benefitted from a rebound in well completion activity following the COVID-19-related collapse in energy demand during 2020. However, a weak pricing environment in North America's unconventional oil and gas industry negatively impacted DynaEnergetics' profitability. At NobelClad, DMC's composite metals business, global supply chain disruptions slowed end-market activity and disrupted metal deliveries.

Despite these challenges, DMC's businesses maintained their focus on safety, operational excellence, and product innovation. In addition, DMC took an important step in its growth strategy by expanding its family of innovative, asset light businesses. On December 23, 2021, DMC acquired a 60% controlling interest in Arcadia, a leading provider of architectural building products. The transaction doubled DMC's annualized revenue to \$500.5 million (pro forma at December 31, 2021), and more than tripled the size of DMC's addressable market.

TSR Performance

Our total stockholder return (“TSR”) relative to the compensation peer group identified below was at the 29th percentile over one year, at the 69th percentile over three years and at the 100th percentile over five years:

TOTAL SHAREHOLDER RETURN RELATIVE TO COMPENSATION PEER GROUP

2021 Financial/Strategic Achievements

DMC’s consolidated sales increased 14% to \$260.1 million from \$229.2 million in 2020. At DynaEnergetics, sales increased 20% to \$175.4 million from \$146.4 million in 2020. The improvement was due to the recovery in energy demand and a corresponding increase in North American well-completion activity, which led to higher unit sales of DynaEnergetics’ DS perforating systems. The recovery in North America was offset by weak demand in DynaEnergetics’ international markets, which have been slower to rebound from the pandemic. Sales at NobelClad increased 2% to \$84.8 million from \$82.8 million in 2020.

Full-year Adjusted EBITDA* attributable to DMC was \$20.2 million versus \$19.1 million in 2020. At DynaEnergetics, Adjusted EBITDA was \$16.4 million versus \$16.3 million in 2020; while NobelClad reported Adjusted EBITDA of \$13.7 million versus \$10.7 million in 2020.

*Adjusted EBITDA is a non-GAAP (generally accepted accounting principles) financial measure used by management to measure operating performance and liquidity.

We define EBITDA as net income or loss plus or minus net interest, taxes, depreciation and amortization. Adjusted EBITDA excludes from EBITDA stock-based compensation, restructuring and impairment charges and, when appropriate, other items that management does not utilize in assessing DMC’s operating performance. As a result, internal management reports used during monthly operating reviews feature Adjusted EBITDA and certain management incentive awards are based, in part, on the amount of Adjusted EBITDA achieved during the year.

Adjusted EBITDA for a relevant fiscal year is the same as reported in the Company’s Form 10-K for that period. For a reconciliation of Adjusted EBITDA to the most directly comparable GAAP financial measure, refer to Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations from our Annual Report on Form 10-K for the year ended December 31, 2021.

During 2021, DynaEnergetics maintained its market share in North America, despite a highly competitive environment. DynaEnergetics continued to invest in new technologies, which is expected to result in new product innovations during 2022. DynaEnergetics also strengthened its organization with the addition of several key positions, and improved manufacturing efficiency and quality at its North American production facilities.

NobelClad continued to pursue new applications for its composite metal plates. In the third quarter, it introduced DetaPipe™, a high-performance clad-metal pipe product designed for use in corrosive, high-temperature and high-pressure industrial-processing environments. DetaPipe is the result of several years of research and development, and management believes the new product offering will address a broad range of industrial processing applications, including the production of monoethylene glycol, a key ingredient in polyester. By the end of 2021, NobelClad had surpassed 800 days without a lost-time accident, and also improved its manufacturing quality.

Arcadia Acquisition

The Arcadia acquisition is a milestone transaction for DMC and aligns with our strategy of building a diversified portfolio of asset-light, industry-leading businesses with differentiated products and services. The acquisition is expected to double DMC’s consolidated sales, strengthen our gross margins and provide diversification outside our more cyclical energy and industrial infrastructure markets.

Arcadia recorded unaudited sales of \$240.3 million and Adjusted EBITDA of \$49.9 million for the year ended December 31, 2021. On a pro forma (unaudited) basis, DMC’s consolidated sales for the year ended December 31, 2021, were \$500.5 million, while pro forma gross margin was 28%.

Arcadia’s strong position in a \$4.5 billion segment of the architectural products industry will also significantly expand DMC’s addressable market. We believe Arcadia has the capability to achieve significant growth within this large market. From 2010 through 2020, Arcadia increased its sales at a 13% compound annual growth rate (CAGR) and increased Adjusted EBITDA at a 23% CAGR. DMC expects the acquisition will be accretive to sales and Adjusted EBITDA within the first year. DMC intends to acquire the remaining 40% interest in Arcadia through a put and call option exercisable beginning in December 2024.

The acquisition was made possible by our debt-free balance sheet and responsible capital raising leading up to the execution and closing of the transaction. In 2021, we raised net proceeds of approximately \$25.3 million through our at-the-market (ATM) equity program at a weighted average price per share of \$64.47. During the second quarter of 2021 we raised an additional approximately \$123.5 million in net proceeds through a registered public offering at a market price of \$45.00 per share. The proceeds of these offerings were used in part to fund the acquisition of Arcadia. The remaining purchase price was funded with proceeds from an amended and restated credit facility.

Immediately prior to the acquisition of Arcadia, DMC’s net cash (defined as total cash, cash equivalents, and marketable securities minus debt) was \$170.6 million, as compared to net cash of \$42.6 million at December 31, 2020. DMC was debt-free immediately prior to the acquisition. DMC’s debt-to-Adjusted EBITDA leverage ratio after the Arcadia acquisition at December 31, 2021 was 3.0, while its net-debt-to Adjusted EBITDA at the end of the year was 2.3.

2021 Say On Pay Results & Shareholder Engagement

The Board of Directors gives significant weight to the advisory vote on executive compensation (say on pay) vote, as well as feedback from our stockholders, and responds accordingly. At the 2021 Annual Meeting of Stockholders, approximately 99.6% of stockholders supported our executive compensation program. Following the vote and throughout 2021, the Board and senior management team continued their regular cadence of communications with stockholders, engaging in over 100 in person and virtual meetings with investors during 2021, and no significant compensation matters were raised as a concern by investors. However, the Compensation Committee recognizes the ever-evolving compensation and governance landscape and will continue to review its practices and solicit stakeholder feedback on these issues.

INFORMATION CONCERNING THE ANNUAL MEETING AND VOTING

GENERAL

The Board of Directors (the "Board") of DMC Global Inc., a Delaware corporation, is soliciting proxies for use at the Annual Meeting of Stockholders to be held on May 11, 2022, at 8:30 a.m., local time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes described in this proxy statement and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at 11800 Ridge Parkway, Suite 300, Broomfield, Colorado 80021. On or about March 31, 2022, we will mail to all stockholders entitled to vote at the meeting a Notice of Internet Availability of Proxy Materials that contains specific instructions on how to access Annual Meeting materials via the Internet, as well as instructions on how to request paper copies. Unless the context otherwise requires, references to "the Company," "DMC," "we," "us" or "our" refer to DMC Global Inc.

SOLICITATION

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of the Notice of Internet Availability of Proxy Materials and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries, and custodians holding in their names shares of our common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies via the Internet may be supplemented by mail, telephone, or personal solicitation by our directors, officers, or other regular employees. No additional compensation will be paid to directors, officers, or other regular employees for such services.

OUTSTANDING SHARES AND QUORUM

Only holders of record of common stock at the close of business on March 17, 2022, will be entitled to notice of and to vote at the Annual Meeting. At the close of business on March 17, 2022, we had 19,457,482 shares of common stock outstanding and entitled to vote. Each holder of record of common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A majority of the outstanding shares of common stock entitled to vote represented in person or by proxy will constitute a quorum at the Annual Meeting. However, if a quorum is not represented at the Annual Meeting, the stockholders entitled to vote at the meeting, present in person or represented by proxy, have the power to adjourn the Annual Meeting from time to time, without notice other than by announcement at the Annual Meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the originally scheduled meeting.

VOTING RIGHTS AND PROCEDURES

Votes cast by proxy or in person will be counted by one or more persons appointed by us to act as inspectors (the "Election Inspectors") for the Annual Meeting. The Election Inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for the purpose of determining the presence of a quorum. Abstentions will not have any effect on proposals 1, 2 or 4, but will have the same effect as a vote "AGAINST" on proposal 3.

Broker non-votes occur when a broker holding stock on behalf of a beneficial owner (in which case the stock is commonly referred to as being held “in street name”) lacks authority to vote the shares on some matters. Brokers are permitted to vote on “routine” proposals when they have not received voting instructions from the beneficial owner of the stock but are not permitted to vote on non-routine matters in the absence of such instructions. Proposal 3 relating to the proposed increase in our authorized shares and Proposal 4 relating to the ratification of the appointment of Ernst & Young LLP as our independent registered accounting firm for the fiscal year ending December 31, 2022 are considered “routine,” and there will therefore be no broker non-votes for such proposals. However, brokers will not be allowed to vote without instruction on proposals 1 or 2. The Election Inspectors will treat broker non-votes as shares that are present and entitled to vote for the purpose of determining the presence of a quorum. Broker non-votes will have no effect on proposals 1 or 2.

We urge you to give voting instructions to your broker on all proposals.

Directors are elected by a plurality of the votes cast by the holders of shares entitled to vote in the election at a meeting at which a quorum is present; however, pursuant to our Majority Voting Policy, any director who fails to receive a majority of the votes cast (in person or by proxy) “FOR” such candidate is required to submit a letter of resignation to the Board. See “Majority Voting Policy” below. Proxies may not be voted for a greater number of persons than there are nominees.

The non-binding advisory vote on the compensation of our named executive officers is subject to the approval of the affirmative vote of a majority of votes cast with respect to Proposal 2.

The approval of the amendment to our Amended and Restated Certificate of Incorporation to increase our authorized shares is subject to the approval of an affirmative vote of holders of a majority in voting power of the outstanding shares of DMC common stock.

The ratification of our selection of Ernst & Young LLP as our independent registered public accounting firm will be subject to the approval of an affirmative vote of a majority of votes cast with respect to Proposal 4.

If no direction is indicated on a proxy card, the shares will be voted FOR each of the proposals set forth in this proxy statement. The persons named in the proxies will have discretionary authority to vote all proxies with respect to additional matters that are properly presented for action at the Annual Meeting.

APPRAISAL RIGHTS

No action is proposed at the Annual Meeting for which the laws of the state of Delaware or our Bylaws provide a right of our stockholders to dissent and obtain appraisal of or payment for such stockholder’s common stock.

REVOCABILITY OF PROXIES

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time prior to the Annual Meeting. It may be revoked by filing with our Corporate Secretary a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

VOTING YOUR SHARES

Stockholder of Record: If you are a stockholder of record, there are several ways for you to vote your shares, as follows:

- **Via the Internet:** If you received a Notice of Internet Availability of Proxy Materials, you can access our proxy materials and vote online. Instructions to vote online are provided in the Notice.
- **By Telephone:** You may vote your shares by calling the telephone number specified on your proxy card. You will need to follow the instructions on your proxy card and the voice prompts.
- **By Written Proxy:** If you have received or requested a paper copy of the proxy materials, please date and sign the proxy card and return it promptly in the accompanying envelope.
- **In Person:** All stockholders of record may vote in person at the Annual Meeting. For those planning to attend in person, we also recommend submitting a proxy card or voting by telephone or via the Internet to ensure that your vote will be counted if you later decide not to attend the meeting.

Beneficial Owner: If you are a beneficial owner, you should have received voting instructions from your broker, bank or other nominee. Beneficial owners must follow the voting instructions provided by their nominee in order to direct such broker, bank or other nominee as to how to vote their shares. The availability of telephone and Internet voting depends on the voting process of such broker, bank or nominee. Beneficial owners must obtain a legal proxy from their broker, bank or nominee prior to the Annual Meeting in order to vote in person.

STOCKHOLDER PROPOSALS

Proposals of stockholders that are intended to be presented at our 2023 Annual Meeting of Stockholders and to be included in our proxy materials for the meeting must be received by us not later than December 2, 2022, in order to be included in the proxy statement and proxy relating to that annual meeting.

Notice of any stockholder proposal to be considered at our 2023 Annual Meeting but not included in our proxy materials, must be submitted in writing and received by us in the manner set forth in our Bylaws. In general, the Bylaws provide that such a notice must be delivered not later than 60 days and not earlier than 90 days prior to the first anniversary of this year's annual meeting date.

BOARD OF DIRECTORS

MEETING ATTENDANCE

Directors are encouraged to attend our Annual Meeting of Stockholders. All of our directors then in office attended the 2021 Annual Meeting of Stockholders.

During the fiscal year ended December 31, 2021, the Board held 16 meetings. During the fiscal year ended December 31, 2021, each of our directors attended more than 75% of the aggregate of (i) the number of meetings of the Board held during the period in which he or she was a director and (ii) the number of meetings of the committees on which he or she served.

DIRECTOR INDEPENDENCE

The Board has determined that seven of the eight current directors, Messrs. Aldous, Cohen, Graff, Kelly and Rose and Mses. Bertone and Dreessen, are “independent” directors under the rules promulgated by the Securities and Exchange Commission (“SEC”) and the applicable rules of the Nasdaq. In making its determinations of independence, the Board considered factors for each director such as other directorships, employment or consulting arrangements, and any relationships with our customers or suppliers. The Board also considered a review of any transactions with entities associated with our directors or members of their immediate family.

The Board determined that there were no related-party transactions or other relationships that needed to be considered in evaluating whether these directors are independent. Mr. Longe, our President and Chief Executive Officer, is the only Board member nominated for re-election who is not independent based on these criteria.

All current members of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee are independent directors. Our independent directors hold regularly scheduled meetings in executive session, at which only independent directors are present.

BOARD LEADERSHIP STRUCTURE

The Board does not have a prescribed policy on whether the Chairman and Chief Executive Officer positions should be separate or combined. The Company currently separates the positions of Chairman and Chief Executive Officer. Our Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while our Chairman of the Board oversees the Board, approves Board agendas and schedules, facilitates communication between the Chief Executive Officer and the rest of the Board and provides guidance to the Chief Executive Officer. We believe our Chief Executive Officer and Chairman have an excellent working relationship that allows the Chief Executive Officer to focus the requisite time and energy on the Company’s businesses, people and growth opportunities.

Our Board currently has seven independent members and only one non-independent member, the Chief Executive Officer. A number of our independent Board members are currently serving or have served as senior management of other public companies and are currently serving or have served as directors of other public companies. We believe that the number of experienced, independent directors, along with the independent oversight of the Board by our non-executive Chairman, benefits the Company and our stockholders.

The Board assesses our Board leadership structure from time to time and makes changes when appropriate. We recognize that different board leadership structures are appropriate for companies in different situations. We believe our current leadership structure is the optimal structure for the Company at this time.

BOARD COMPOSITION

In accordance with Nasdaq Rule 5605(f), Nasdaq-listed companies (subject to certain exceptions) must have at least (i) one director who self-identifies as female and (ii) one director who self-identifies as Black or African American, Hispanic or Latinx, Native American or Alaskan Native, Native Hawaiian or Pacific Islander, two or more ethnicities, or as LGBTQ+. The Audit Committee

The Audit Committee meets with our independent registered public accounting firm at least four times a year to review quarterly financial results and the annual audit, discuss financial statements and related disclosures, and receive and consider the accountants' comments as to internal control over financial reporting, adequacy of staff and management performance and procedures in connection with the annual audit and internal control over financial reporting. The Audit Committee also appoints the independent registered public accounting firm. The Audit Committee currently consists of four directors, each of whom is a non-employee director that the Board has determined to be "independent" as that concept is defined in Section 10A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the rules promulgated by the SEC thereunder, and the applicable rules of the Nasdaq. The Audit Committee has determined that Mr. Graff qualifies as an "audit committee financial expert" under the rules of the SEC.

The Charter of the Audit Committee requires the Audit Committee be comprised of three or more independent directors, at least one of whom qualifies as an "audit committee financial expert" as defined in Item 407(d)(5) of SEC Regulation S-K. The Charter of the Audit Committee charges the Audit Committee with the primary responsibility of reviewing the Company's compliance with the Code of Ethics and Business Conduct ("Code of Ethics") as it relates to financial statement and reporting issues and related party transactions that would be required to be disclosed pursuant to Item 404 of SEC Regulation S-K.

During 2021 the Audit Committee met **nine times**.

The Compensation Committee

The Compensation Committee makes recommendations concerning salaries, incentive compensation and equity-based awards to employees and non-employee directors under our stock incentive plan and otherwise determines compensation levels and performs such other functions regarding compensation as the Board may delegate. The Compensation Committee is also responsible for reviewing and approving the Compensation Discussion and Analysis included in the Company's proxy statement.

The Compensation Committee has authority to retain such compensation consultants, outside counsel and other advisors as the Compensation Committee in its sole discretion deems appropriate. The Compensation Committee is currently composed of four directors, each of whom is a non-employee director that the Board has determined to be "independent" under SEC and Nasdaq rules.

During 2021 the Compensation Committee met four times.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee recommends director nominees and sets corporate governance policies for the Board and Company. The Corporate Governance and Nominating Committee currently has three directors, each of whom is a non-employee director that the Board has determined to be "independent" under the SEC and Nasdaq rules. The main purposes of this Committee are (i) to identify and recommend individuals to the Board for nomination as members of the Board and its committees; (ii) to develop and recommend to the Board corporate governance principles applicable to the Company; (iii) to oversee the Board's annual evaluation of its performance; (iv) in coordination with the Audit Committee, review compliance with the Company's Code of Ethics; and (v) to undertake such other duties as the Board may from time to time delegate to the Committee.

During 2021, the Corporate Governance and Nominating Committee met four times.

The Risk Committee

The Risk Committee ("Risk Committee") is responsible for broad oversight of risk, with the primary purpose of assisting the Board with its oversight of the Company's level of risk, risk assessment and risk management in areas not otherwise addressed by other committees of the Board. This includes review of the health, safety, environmental and sustainability practices and policies of the Company and controls around cybersecurity and cyber incident responses.

The Risk Committee is currently comprised of three non-employee directors whom the Board has determined are "independent" under SEC and Nasdaq rules, and our CEO.

The Risk Committee met four times during 2021.

CORPORATE GOVERNANCE

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

We do not have any interlocking relationships between any director who currently serves or served during 2021 as a member of our Compensation Committee and any of our executive officers that would require disclosure under the applicable rules promulgated under the U.S. federal securities laws.

CORPORATE GOVERNANCE GUIDELINES

DMC is committed to sound principles of corporate governance. Our Board has adopted Corporate Governance Guidelines prepared by the Corporate Governance and Nominating Committee. Among other things, the guidelines provide that directors should serve no longer than a total of 15 years as a non-employee director or after the director's 75th birthday. Due to the unique circumstances of the Arcadia acquisition and the significant financial and internal control integration efforts that will occur in the coming year, the Board has elected to waive the age limit for Mr. Graff. He is expected to continue as a director and the Chair of the Audit Committee until the 2023 annual meeting.

Our Board periodically, and at least annually, reviews and revises the Corporate Governance Guidelines, as appropriate, to ensure that they reflect our Board's corporate governance objectives and commitments. Our Corporate Governance Guidelines are available on the Company's website at www.dmcglobal.com.

STOCK OWNERSHIP GUIDELINES

We have stock ownership guidelines applicable to our directors and named executive officers. For a description of these guidelines, please see "Compensation Discussion and Analysis- Stock Ownership Guidelines."

PLEDGING AND HEDGING POLICIES

Our directors, officers and employees are prohibited from using any strategies or products (such as derivative securities or short-selling techniques) to hedge against potential changes in the value of DMC common stock. In addition, our directors, officers and employees are prohibited from holding DMC securities in a margin account or pledging DMC securities as collateral for a loan.

CODE OF ETHICS AND BUSINESS CONDUCT

We have adopted a Code of Ethics that applies to all members of our Board and all of our employees, including our principal executive officer, principal financial officer, principal accounting officer and all other senior members of our finance and accounting departments. We require all employees to adhere to our Code of Ethics in addressing legal and ethical issues encountered in conducting their work. Our Board periodically, and at least annually, reviews and revises our Code of Ethics, as appropriate. A copy of our Code of Ethics is available on our website, www.dmcglobal.com.

RISK OVERSIGHT

Our senior management manages the risks facing the Company under the oversight and supervision of the Board. The Company has a global Enterprise Risk Management (“ERM”) team, which is comprised of senior management in key business areas. The ERM team employs a proactive approach to reviewing and analyzing current and potential risks facing the Company, and reports to the Board regarding the ERM process and risk findings on a quarterly basis. While the full Board is ultimately responsible for risk oversight at our Company, our Board committees assist the Board in fulfilling its oversight function in certain areas of risk. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk in the areas of financial reporting processes and internal controls around those processes (including cybersecurity related thereto), the Company’s compliance with legal and regulatory requirements and the financial risks of the Company. The Corporate Governance and Nominating Committee oversees governance matters, including primary oversight of the Code of Ethics and Business Conduct. The Compensation Committee oversees the Company’s executive compensation strategy and programs, incentive compensation arrangements and the evaluation of risks related thereto. The Risk Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of the Company’s level of risk, risk assessment and risk management in areas not otherwise addressed by other committees of the Board. Other general business risks such as economic and regulatory risks are monitored by the full Board.

COMPENSATION RISK ASSESSMENT

Our Compensation Committee, with the assistance of management, reviews on an annual basis our compensation programs and considers whether they encourage excessive risk-taking by employees at the expense of long-term Company value. The Compensation Committee believes that the design of our compensation program, which includes a mix of annual and long-term incentives (a substantial portion of which are performance based) and cash and equity awards, along with our stock ownership guidelines and clawback policy, provide an appropriate balance between risk and reward and do not motivate imprudent risk-taking. As a result, we do not believe that our compensation policies are reasonably likely to have a material adverse effect on the Company.

DIRECTOR NOMINATIONS

The Company does not have a formal policy regarding the consideration of director candidates recommended by stockholders; however, the Corporate Governance and Nominating Committee reviews recommendations and evaluates nominations received from stockholders in the same manner that potential nominees recommended by Board members, management or other parties are evaluated. Any stockholder nominations proposed for Board consideration should include the nominee’s name and qualifications for Board membership and should be mailed to DMC Global Inc., c/o Corporate Secretary, 11800 Ridge Parkway, Suite 300, Broomfield, Colorado 80021.

Qualifications for consideration as a director nominee may vary according to the particular area of expertise being sought as a complement to the existing Board composition. However, in making its nominations, the Corporate Governance and Nominating Committee considers, among other things, an individual’s skills, attributes and functional, business and industry experience, financial background, breadth of knowledge about issues affecting our business, integrity, independence, diversity of experience, leadership, ability to exercise sound and ethical business judgment and time available for meetings and consultation.

Diversity along multiple dimensions is an important element of the Corporate Governance and Nominating Committee’s consideration of nominees. While diversity is evaluated in a broad sense based on experience, background and viewpoint, the Corporate Governance and Nominating Committee recognizes that DMC serves diverse communities and customers and believes that the composition of our Board should appropriately reflect this diversity. Accordingly, the Corporate Governance and Nominating Committee also considers other aspects of diversity, including gender, race and ethnicity. The Corporate Governance and Nominating Committee is committed to seeking highly qualified women and individuals from minority groups to include in the pool of nominees and instructs any third-party search firm to consider these elements accordingly.

For new nominees, the Corporate Governance and Nominating Committee may also consider the results of the nominee’s interviews with directors and/or other members of senior management as the Corporate Governance and Nominating Committee deems appropriate.

MAJORITY VOTING POLICY

The Board has adopted a majority voting policy (“the Majority Voting Policy”) as part of its Corporate Governance Guidelines. The policy stipulates that, at any stockholder meeting at which directors are subject to an uncontested election, if the number of shares “withheld” for any nominee exceeds the number of shares voted “FOR” such nominee, then, notwithstanding that such director was duly elected as a matter of corporate law, he or she shall submit to the Board a letter of resignation for consideration by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee will consider such offer of resignation and will make a recommendation to the Board concerning the acceptance or rejection of the offer of resignation. In the event that all members of the Corporate Governance and Nominating Committee are among the nominees for director who are offering to resign, the Board shall appoint a special committee of one or more other independent directors to act on behalf of the Corporate Governance and Nominating Committee with respect to this policy. The Board shall act promptly with respect to each such letter of resignation and shall promptly notify the director concerned of its decision.

COMMUNICATIONS WITH THE BOARD

The Board believes that it is important for stockholders to have a process to send communications to the Board. Accordingly, stockholders desiring to send a communication to the Board, or to a specific director, may do so by delivering a letter to our Secretary at DMC Global Inc., c/o Corporate Secretary, 11800 Ridge Parkway, Suite 300, Broomfield, Colorado 80021. The mailing envelope must contain a clear notation indicating that the enclosed letter is a “Stockholder-Board Communication” or “Stockholder-Director Communication.” All such letters must identify the author as a stockholder and clearly state whether the intended recipients of the letter are all members of the Board or specified individual directors. The Secretary will open such communications and make copies and then circulate them to the appropriate director or directors.

ANNUAL BOARD ASSESSMENTS

In order to monitor and improve its effectiveness, and to solicit and act upon feedback received, the Board engages in a formal self-evaluation process. The Board believes that in addition to serving as a tool to evaluate and improve performance, evaluations can serve several other purposes, including the promotion of good governance, integrity of financial reporting, reduction of risk, strengthening of the Board-management partnership, and helping set and oversee Board expectations of management. The Board takes a multi-year perspective to identify and evaluate trends and assure itself that areas identified for improvement are appropriately and timely addressed. As part of the Board’s evaluation process, directors consider various topics related to Board composition, structure, effectiveness and responsibilities and the overall mix of director skills, attributes, experience and backgrounds. While the Board conducts a formal evaluation annually, the Board considers its performance and that of its committees continuously throughout the year and shares feedback with management.

PROPOSAL 2

NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company continued its focus on safety, operational excellence, innovation and strengthening our financial position and completed a significant acquisition, while continuing to navigate challenging market conditions in 2021. We believe our executive compensation program has played a critical role in retaining the key members of our management team and motivating them to focus on the creation of long-term stockholder value during another year of significant challenges.

Pursuant to Section 14A of the Exchange Act and SEC Rule 14a-2(a), we are providing our stockholders the opportunity to vote on a non-binding advisory resolution to approve the compensation of our named executive officers (“Say on Pay”) which is described in this Proxy Statement. Currently, we are providing these advisory votes on an annual basis. In considering your vote on this proposal, we encourage you to review all of the relevant information in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables, and the rest of the narrative disclosures regarding our compensation arrangements.

Following the 2022 Annual Meeting, the next advisory Say-on-Pay vote is anticipated to be held at our 2023 Annual Meeting of Stockholders.

Our Board strongly endorses the Company’s executive compensation program and recommends that stockholders vote in favor of the following advisory resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in the Company’s proxy statement is hereby APPROVED.”

REQUISITE VOTE

The advisory vote on the compensation of our named executive officers will be approved by the majority of votes cast on this proposal. Abstentions and broker non-votes will not be counted as votes cast on the proposal. Our Board and our Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote when considering future decisions on the compensation of our named executive officers. However, this say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board.

THE BOARD RECOMMENDS VOTE “FOR” APPROVAL OF PROPOSAL 2.

PROPOSAL 3

AMENDMENT OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED SHARES

On March 2, 2022, the Board, determining it to be advisable and in the best interests of the Company and its stockholders, authorized, subject to approval and adoption by the stockholders, an amendment (the "Authorized Shares Amendment") to our Amended and Restated Certificate of Incorporation (as amended by the Authorized Shares Amendment, the "Post-Authorized Shares Certificate") to increase the number of authorized shares of our common stock from 25 million to 50 million. The full text of the Authorized Shares Amendment is attached to this proxy statement as Appendix A.

As of March 17, 2022, a total of 19,504,055 of the Company's currently authorized 25 million shares of DMC common stock were outstanding and 2,890,480 shares were reserved for issuance under our employee benefit plans, leaving only 2,605,465 shares available for issuance. The increase in the number of authorized but unissued shares of our common stock would enable the Company, without further stockholder approval (other than as required by applicable Nasdaq rules), to issue shares from time to time as may be required for business purposes such as raising additional capital for ongoing operations, business and asset acquisitions, present and future employee benefit programs and other corporate purposes. In addition, under the operating agreement for Arcadia, we have the right to acquire the remaining 40% ownership interest in Arcadia beginning in December 2024. We may also be required to purchase some or all of the remaining interests by the minority holder at any time after December 2024, and may elect to pay the purchase price for such interests through the issuance of newly created series A preferred stock, which would be convertible into common stock. In order to allow flexibility to purchase and finance the remaining ownership interest in Arcadia in either cash or preferred stock, it is critical to have sufficient authorized common stock.

The proposed Authorized Shares Amendment would not change the terms of our common stock, and the additional shares of DMC common stock to be authorized pursuant to the Authorized Shares Amendment would have rights identical to the currently outstanding shares of DMC common stock. The Board has not proposed an increase in the number of authorized shares of our common stock with the intention of discouraging tender offers or takeover attempts relating to the Company. However, the availability of additional authorized shares for issuance may have the effect of discouraging a merger, tender offer, proxy contest or other attempt to obtain control of the Company.

The Board recognizes that the issuance of additional shares of our common stock may adversely affect the interests of the holders of DMC Global common stock. For example, in the absence of a proportionate increase in the Company's earnings and book value, an increase in the aggregate number of outstanding shares caused by the issuance of additional shares would dilute the earnings per share and book value per share of all of the existing outstanding shares of our common stock. However, the Board believes that these potential risks are outweighed by the benefit that an increase in the number of available shares would provide in terms of additional financing flexibility. The Board believes that retaining the ability to act quickly on future opportunities that may require or be facilitated by additional stock issuances and the ability to finance the purchase of the remainder of Arcadia will benefit existing stockholders.

EFFECTIVE TIME

The effective time of the Authorized Shares Amendment, if approved by the stockholders and not otherwise abandoned by the Board, will be the time that the Certificate of Amendment setting forth the Authorized Shares Amendment is filed with the Delaware Secretary of State. The exact timing of the filing of the Certificate of Amendment setting forth the Authorized Shares Amendment will be determined by our Board based on its evaluation as to when such action will be the most advantageous to the Company and its stockholders.

If, at any time prior to the filing of the Certificate of Amendment setting forth the Authorized Shares Amendment with the Delaware Secretary of State, notwithstanding stockholder approval and without further action by the stockholders, the Board, in its sole discretion, determines that it is in the Company's best interests and the best interests of our stockholders to abandon the Authorized Shares Amendment, the Authorized Shares Amendment may be abandoned.

PROPOSED RESOLUTION

In light of the foregoing, the Board recommends that you vote in favor of the following resolution at the Meeting:

RESOLVED, that the amendment to the Amended and Restated Certificate of Incorporation of DMC Global Inc. to increase the number of authorized shares of DMC Global common stock from 25 million to 50 million is hereby approved and adopted.

REQUISITE VOTE

Approval of the Authorized Shares Proposal will require the affirmative vote of the holders of a majority in voting power of the outstanding shares of DMC Global common stock.

If you fail to vote or submit a proxy or fail to instruct your broker to vote (and your broker does not exercise its discretion to vote your shares on this matter) or vote to "abstain," it will have the same effect as a vote "AGAINST" the Authorized Shares Proposal.

THE BOARD RECOMMENDS VOTE "FOR" APPROVAL OF PROPOSAL 3.

PROPOSAL 4

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Ernst & Young LLP ("EY") as our independent registered public accounting firm for the fiscal year ending December 31, 2022. EY has been so engaged since 2002.

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm retained to audit the Company's consolidated financial statements. In accordance with its commitment to sound corporate governance practices, the Audit Committee reviews whether it is in the Company's best interests to rotate the Company's independent registered public accounting firm. In fulfilling its oversight responsibility, the Audit Committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters, performance of the independent auditors and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. The Audit Committee and its Chair are also directly involved with the selection, review and evaluation of the lead engagement partner and the negotiation of audit fees. The Audit Committee reviews the performance of the independent registered public accounting firm annually. In conducting its review, the Audit Committee considers, among other things:

- EY's historical and recent performance on the Company's audit, including the extent and quality of EY's communications with the Audit Committee;
- The appropriateness of EY's fees;
- EY's tenure as our independent auditor and its depth of understanding of our global operations and business, operations and systems, accounting policies and practices, including the potential effect on the financial statements of the major risks and exposures facing the Company, and internal control over financial reporting;
- EY's demonstrated professional integrity and objectivity, including through rotation of the lead audit partner and other key engagement partners;
- EY's capabilities and expertise in handling the breadth and complexity of our global operations; and
- The advisability and potential impact of selecting a different independent accounting firm.

Ratification of the selection of EY by stockholders is not required by law. However, as a matter of internal policy and good corporate governance, such selection is being submitted to the stockholders for ratification at the Annual Meeting, and it is the present intention of the Board to continue this policy. If the stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain EY. If the selection of EY is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of the Company and its stockholders.

We expect that a representative of EY will be present at the Annual Meeting and will be available to respond to appropriate questions.

The Company paid the following fees to EY for the audit of the consolidated financial statements and for other services provided in the years ended December 31, 2021 and 2020.

The Audit Committee approved all services performed by EY in 2021 in accordance with our formal policy on auditor independence.

Notwithstanding anything to the contrary set forth in any of our filings under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, that might incorporate future filings, including this proxy statement, in whole or in part, the following Audit Committee Report shall not be deemed to be “Soliciting Material,” and is not deemed “filed” with the SEC and shall not be incorporated by reference into any filings under the Securities Act or Exchange Act whether made before or after the date of this proxy statement and irrespective of any general incorporation language in such filings.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

As of December 31, 2021, the Audit Committee of DMC Global Inc. (the “Company”) was comprised of Messrs. Richard P. Graff (Chairman) and David C. Aldous and Meses. Andrea E. Bertone and Ruth I. Dreessen, each of whom the Board of Directors of the Company has determined to be independent as that concept is defined in Section 10A of the Exchange Act, the rules promulgated by the SEC thereunder and the applicable rules of the Nasdaq. The Audit Committee has adopted a Charter that describes its responsibilities in detail. The Charter is available on the Company’s website at www.dmcglobal.com.

The primary responsibility for financial and other reporting, internal controls, compliance with laws and regulations, and ethics rests with the management of the Company. The Audit Committee’s primary purpose is to oversee the integrity of the accounting and financial reporting process, the audits of the Company’s financial statements and the processes designed to ensure that the financial statements adequately represent the Company’s financial condition, results of operations and cash flows. These responsibilities include oversight of (i) the integrity of the Company’s financial statements; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the external auditors’ qualifications and independence; and (iv) the performance of the Company’s internal and external audit functions. The Committee is also responsible for understanding the Company’s internal control structure and areas that represent high risk for material misstatement of the financial statements. Additional information regarding the Audit Committee’s role in corporate governance can be found in the Audit Committee’s Charter.

As required by the Charter of the Audit Committee, the Audit Committee reviewed and discussed the Company’s audited financial statements with the Company’s management. The Audit Committee has also discussed with Ernst & Young LLP (“EY”), the Company’s independent registered public accounting firm, the matters required to be discussed by the Auditing Standard No. 1301, Communications with Audit Committees, issued by the Public Company Accounting Oversight Board. The Audit Committee has received from EY the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and the Audit Committee has discussed with EY that firm’s independence. Based upon these discussions and the Audit Committee’s review, the Audit Committee recommended to the Board of Directors that the Company include the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021.

Executive Summary

2021 Business Overview

DMC Global Inc.'s ("DMC", "we", "us", "our", or the "Company") businesses navigated a second consecutive year of challenging market conditions during 2021. DynaEnergetics, DMC's energy products business, benefitted from a rebound in well completion activity following the COVID-19-related collapse in energy demand during 2020. However, a weak pricing environment in North America's unconventional oil and gas industry negatively impacted DynaEnergetics' profitability. At NobelClad, DMC's composite metals business, global supply chain disruptions slowed end-market activity and disrupted metal deliveries.

Despite these challenges, DMC's businesses maintained their focus on safety, operational excellence, and product innovation. In addition, DMC took an important step in its growth strategy by expanding its family of innovative, asset light businesses. On December 23, 2021, DMC acquired a 60% controlling interest in Arcadia, a leading provider of architectural building products. The transaction doubled DMC's annualized revenue to \$500.5 million (pro forma at December 31, 2021), and more than tripled the size of DMC's addressable market.

TSR Performance

Our total stockholder return (“TSR”) relative to the compensation peer group identified below was at the 29th percentile over one year, at the 69th percentile over three years and at the 100th percentile over five years:

TOTAL SHAREHOLDER RETURN RELATIVE TO COMPENSATION PEER GROUP

2021 Financial/Strategic Achievements

DMC’s consolidated sales increased 14% to \$260.1 million from \$229.2 million in 2020. At DynaEnergetics, sales increased 20% to \$175.4 million from \$146.4 million in 2020. The improvement was due to the recovery in energy demand and a corresponding increase in North American well-completion activity, which led to higher unit sales of DynaEnergetics’ DS perforating systems. The recovery in North America was offset by weak demand in DynaEnergetics’ international markets, which have been slower to rebound from the pandemic. Sales at NobelClad increased 2% to \$84.8 million from \$82.8 million in 2020.

Full-year Adjusted EBITDA* attributable to DMC was \$20.2 million versus \$19.1 million in 2020. At DynaEnergetics, Adjusted EBITDA was \$16.4 million versus \$16.3 million in 2020; while NobelClad reported Adjusted EBITDA of \$13.7 million versus \$10.7 million in 2020.

During 2021, DynaEnergetics maintained its market share in North America, despite a highly competitive environment. DynaEnergetics continued to invest in new technologies, which is expected to result in new product innovations during 2022. DynaEnergetics also strengthened its organization with the addition of several key positions, and improved manufacturing efficiency and quality at its North American production facilities.

NobelClad continued to pursue new applications for its composite metal plates. In the third quarter, it introduced DetaPipe™, a high-performance clad-metal pipe product designed for use in corrosive, high-temperature and high-pressure industrial-processing environments. DetaPipe is the result of several years of research and development, and management believes the new product offering will address a broad range of industrial processing applications, including the production of monoethylene glycol, a key ingredient in polyester. By the end of 2021, NobelClad had surpassed 800 days without a lost-time accident, and also improved its manufacturing quality.

Arcadia Acquisition

The Arcadia acquisition is a milestone transaction for DMC and aligns with our strategy of building a diversified portfolio of asset-light, industry-leading businesses with differentiated products and services. The acquisition is expected to double DMC’s consolidated sales, strengthen our gross margins and provide diversification outside our more cyclical energy and industrial infrastructure markets.

* Adjusted EBITDA is a non-GAAP (generally accepted accounting principles) financial measure used by management to measure operating performance and liquidity. We define EBITDA as net income or loss plus or minus net interest, taxes, depreciation and amortization. Adjusted EBITDA excludes from EBITDA stock-based compensation, restructuring and impairment charges and, when appropriate, other items that management does not utilize in assessing DMC’s operating performance. As a result, internal management reports used during monthly operating reviews feature Adjusted EBITDA and certain management incentive awards are based, in part, on the amount of Adjusted EBITDA achieved during the year. Adjusted EBITDA for a relevant fiscal year are the same as reported in the Company’s Form 10-K for that period. For a reconciliation of Adjusted EBITDA to the most directly comparable generally accepted accounting principle measure, refer to Item 7—Management’s Discussion and Analysis of Financial Condition and Results of Operations from our Annual Report on Form 10-K for the year ended December 31, 2021.

Arcadia recorded unaudited sales of \$240.3 million and Adjusted EBITDA of \$49.9 million for the year ended December 31, 2021. On a pro forma (unaudited) basis, DMC's consolidated sales for the year ended December 31, 2021, were \$500.5 million, while pro forma gross margin was 28%.

Arcadia's strong position in a \$4.5 billion segment of the architectural products industry will also significantly expand DMC's addressable market. We believe Arcadia has the capability to achieve significant growth within this large market. From 2010 through 2020, Arcadia increased its sales at a 13% compound annual growth rate (CAGR) and increased Adjusted EBITDA at a 23% CAGR. DMC expects the acquisition will be accretive to sales and Adjusted EBITDA within the first year. DMC intends to acquire the remaining 40% interest in Arcadia through a put and call option exercisable beginning in December 2024.

The acquisition was made possible by our debt-free balance sheet and responsible capital raising leading up to the execution and closing of the transaction. In 2021, we raised net proceeds of approximately \$25.3 million through our at-the-market (ATM) equity program at a weighted average price per share of \$64.47. During the second quarter of 2021 we raised an additional approximately \$123.5 million in net proceeds through a registered public offering at a market price of \$45.00 per share. The proceeds of these offerings were used in part to fund the acquisition of Arcadia. The remaining purchase price was funded with proceeds from an amended and restated credit facility.

Immediately prior to the acquisition of Arcadia, DMC's net cash (defined as total cash, cash equivalents, and marketable securities minus debt) was \$170.6 million as compared to net cash of \$42.6 million at December 31, 2020. DMC was debt-free immediately prior to the acquisition. DMC's debt-to-Adjusted EBITDA leverage ratio after the Arcadia acquisition at December 31, 2021 was 3.0, while its net-debt-to Adjusted EBITDA at the end of the year was 2.3.

2021 Say On Pay Results & Shareholder Engagement

The Board of Directors gives significant weight to the advisory vote on executive compensation (say on pay) vote, as well as feedback from our stockholders, and responds accordingly. At the 2021 Annual Meeting of Stockholders, approximately 99.6% of stockholders supported our executive compensation program. Following the vote and throughout 2021, the Board and senior management team continued their regular cadence of communications with stockholders, engaging in over 100 in person and virtual meetings with investors during 2021, and no significant compensation matters were raised as a concern by investors. However, the Compensation Committee recognizes the ever-evolving compensation and governance landscape and will continue to review its practices and solicit stakeholder feedback on these issues.

What Guides Our Program

Our compensation philosophy and objectives are to: (i) provide a compensation program that attracts, motivates, and retains high-caliber leadership talent; (ii) offer compensation opportunities that are competitive with those provided by other comparable U.S. public companies as determined by our market research; (iii) create incentive compensation opportunities that emphasize the importance of achieving both short-term performance measures (i.e., annual) and long-term financial and strategic goals; and (iv) sponsor performance pay programs that are linked to stockholder value.

Elements of Executive Compensation

Our executive compensation program is composed of base salary and short-term and long-term incentives, each of which is described below.

	Compensation Component	Purpose
FIXED	Base salary Paid in cash	<input checked="" type="checkbox"/> Provide a competitive fixed rate of pay relative to similar positions in the market
		<input checked="" type="checkbox"/> Enable the Company to attract and retain critical executive talent
AT RISK	Short-term incentives Paid in cash under the annual incentive plan	<input checked="" type="checkbox"/> Focus NEOs on achieving rigorous and progressively challenging short-term performance goals that align with the Company's annual operating plan and result in long-term value creation
	Long-term incentives Paid under the equity incentive plan using a mix of equity vehicles	<input checked="" type="checkbox"/> Focus NEOs on longer-term relative and absolute performance goals that strongly align with and drive stockholder value creation, as well as support the Company's leadership retention strategy

COMPENSATION MIX

The charts below show the total target compensation of our CEO and our other NEOs. These charts illustrate that a majority of NEO total target compensation is variable (82% for our CEO and an average of 61% for our other NEOs).

The Decision Making Process

THE ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee oversees the executive compensation program for our NEOs. The Committee is comprised of independent, non-employee members of the Board. The Committee works very closely with its independent consultant and senior management to examine the effectiveness of the Company's executive compensation program throughout the year. Details of the Committee's authority and responsibilities are specified in the Committee's charter, which may be accessed at our website, www.dmcglobal.com, by clicking "Investors," and then "Governance."

THE ROLE OF SENIOR MANAGEMENT

Our CEO confers with the Chairman of the Committee in recommending for the Committee's approval of the salaries of, annual incentives and long-term incentives of the NEOs other than himself. Our CEO also provides an assessment of the other NEOs' performance with respect to achieving the performance objectives for the qualitative portion of the performance bonus under the annual incentive plan. Notwithstanding the foregoing, the Committee ultimately determines compensation levels and amounts for all NEOs. The Committee determines CEO pay and performance, and holds these discussions in executive session without the CEO present.

THE ROLE OF THE INDEPENDENT CONSULTANT

The Committee engages an independent compensation consultant to assist the Committee in making compensation decisions for the NEOs. The Committee retained Pearl Meyer & Partners, LLC (Pearl Meyer) for 2021.

The compensation consultant reviews the Company's overall executive officer and director compensation in comparison to other comparably-sized public companies in industries similar to the Company's, helps the Committee identify the appropriate mix of compensation components for compensating our executive officers, and facilitates the Committee's determination of our executive officers' incentive based compensation. The Committee's consultant also keeps the Committee current with pay practices and governance trends, attends meetings when necessary to review reports and analyses and conducts special studies as may be required by the Committee from time to time.

Pearl Meyer does not provide any other services to the Company or our management or have any other direct or indirect business relationships with us or our management other than to advise on board of director pay and practices. The Committee has assessed the independence of Pearl Meyer and concluded that its work does not raise any conflicts of interest.

THE ROLE OF MARKET REFERENCES AND THE PEER GROUP

The Company competes with business entities across multiple industries for top executive-level talent. To this end, the Committee evaluates, on an annual basis, industry-specific and general market compensation practices and trends to ensure that our program and NEO pay opportunities remain appropriately competitive. The Committee believes peer group and general industry data provide a broader pay perspective than peer group data alone.

The Committee also evaluates the appropriateness of each NEO's compensation taking into account Company and business unit performance, job scope, individual performance, time in position, and other relevant factors. To the extent the Committee deems the compensation level associated with a NEO's position versus the market is not aligned with the relevant factors, the Committee may choose to modify one or more of the NEO's compensation components. The Committee does not target a specific level of pay.

The peer group listed below was used for purposes of setting executive compensation levels for 2021, as well as benchmarking relative performance for awards granted under the equity incentive plan.

2021 Executive Compensation Program In Detail

Base Salary

Base salary is evaluated each year after reviewing each NEO's performance, peer group compensation data, and survey market data. The Committee reviews salaries annually and adjusts them if needed to reflect performance and ensure they remain competitive.

The Compensation Committee adjusted Ms. Shepston's salary for competitive reasons and due to increased responsibilities and believed all other salaries were competitive with market levels.

NEO	2020 Base Salary	2021 Base Salary	Percentage Increase
Kevin T. Longe	\$600,000	\$600,000	0%
Michael Kuta	\$370,000	\$370,000	0%
Michelle Shepston	\$315,000	\$330,000	4.8%
Ian Grieves ⁽¹⁾	€315,000	€315,000	0%
Antoine Nobili	€185,000	€185,000	0%

(1) 2021 amount guaranteed to be equivalent to at least \$350,000, measured at the end of each year, based on the then-current exchange rate.

Annual Incentives

The annual incentive plan provides our NEOs the opportunity to earn a performance-based annual cash bonus. Actual bonus awards depend on the achievement of company performance objectives and a qualitative assessment of individual performance and can range from 0% to 180% of target award. Target annual bonus opportunities are expressed as a percentage of base salary and were established by the NEO's level of responsibility and his or her ability to impact overall results and market practices for each position.

Target award opportunities as a percentage of base salary for each NEO are as follows:

NEO	2021 Target Award Opportunity (as a % of base salary)
Kevin T. Longe	100%
Michael Kuta	60%
Michelle Shepston	40%
Ian Grieves	60%
Antoine Nobili	40%

The annual incentive plan for the NEOs consists of a quantitative company performance component and a qualitative individual component. For all the NEOs, the company performance component at target is 70% of the total bonus, and the qualitative individual component is 30%.

COMPANY PERFORMANCE COMPONENT

The Compensation Committee reviews the performance measures under the annual incentive plan annually to ensure they support our operating plan and keep our NEOs focused on attaining progressively challenging short-term goals. For 2021, the Company performance component was based on DMC Global or business unit performance against pre-determined Adjusted EBITDA as a percentage of revenue goals. For actual performance that falls between data points, linear interpolation is used to calculate the payout. Adjusted EBITDA is a non-GAAP measure that we believe provides an important indicator of our ongoing performance, is aligned with our operating plan and is used regularly in financial decisions.

The Company performance component of the award is determined based on actual performance achieved, as well as each NEO's respective area(s) of responsibility — in either DMC Global or their respective business unit. For the Company performance component of the award that may be awarded to Messrs. Grieves and Nobili, the Committee may also apply a bonus multiplier of +/- 10% (but may not increase the payment beyond the 180% bonus maximum). The multiplier is based on the number of days by which NobelClad or DynaEnergetics increases or decreases its average working capital cash collection cycle during 2021.

Individual Performance Component

With respect to 2021, the Compensation Committee considered the contribution of each NEO to Company performance, including navigating the continuing COVID pandemic and related challenging market conditions, while maintaining focus on safety, operational excellence and product innovation, and other individual achievements.

Based on these accomplishments, the Committee determined that the percentage multiple for Messrs. Longe, Kuta, Grieves, and Nobili and Ms. Shepston were 100%.

OVERALL RESULTS

The total annual bonus awards for 2021 for each NEO were calculated as follows:

NEO	Target Award (\$)	Amount Earned Company Performance Component (70% weight)	Amount Earned Individual Performance Component (30% weight)	Total Award Earned for 2021
Kevin T. Longe	\$ 600,000	\$ 252,000	\$ 180,000	\$ 432,000
Michael Kuta	\$ 222,000	\$ 93,000	\$ 66,600	\$ 159,600

Antoine Nobili ⁽²⁾	\$ 87,527	\$ 61,506	\$ 29,570	\$ 91,076

(1) Amounts based on Mr. Grieves' base pay guaranteed to be equivalent to at least \$350,000.

(2) Amounts based on Mr. Nobili's base pay converted from euros to U.S. dollars using an exchange rate of 1.1828 for 2021.

Long-Term Equity Incentives

The Committee believes that long-term equity incentive grants are important in aligning executives with the long-term performance of the Company. For 2021, the Committee set target long-term incentive grants for each NEO. Awards were granted using a mix of restricted stock or restricted stock units (RSUs) and performance share units (PSUs).

Restricted Stock/RSUs. Restricted stock vests over a three-year period with one-third of such shares vesting on each of the first, second and third anniversaries of the grant date. RSUs are granted to non-US NEOs and vest over a three-year period. RSUs granted to Mr. Grieves vest on each of the first, second and third anniversaries of grant; RSUs granted to Mr. Nobili vest two-thirds on the second anniversary of the grant date and one-third vests on the third anniversary of the grant date due to French tax considerations. Each RSU represents the right to receive one share of the Company's stock upon vesting.

PSUs. PSUs are performance-based equity awards that provide for payouts that can range from 0% to 200% of the target number of PSUs granted based on achievement of financial performance goals and relative TSR results over a three-year period (Performance Period). Each earned PSU represents the right to receive one share of the Company's common stock.

The PSUs earned, if any, will cliff vest on the third anniversary of grant based on the degree of satisfaction of the PSU performance conditions. The actual number of PSUs earned and vested over the Performance Period is dependent on the achievement of a pre-determined Adjusted EBITDA goal (25%) and TSR performance relative to the peer group (75%).

The table below shows the equity awards granted under the 2016 Omnibus Incentive Plan (the "Plan") on February 23, 2021 for each of the NEOs:

NEO	Restricted Stock/RSUs	PSUs ⁽¹⁾	Grant Date Value ⁽²⁾
Kevin T. Longe	14,754	14,754	2,273,936
Michael Kuta	4,869	4,869	750,429
Michelle Shepston	1,918	1,918	295,619
Ian Grieves	2,582	2,582	397,957
Antoine Nobili	738	738	113,755

(1) Number of PSUs granted assuming target performance achieved.

(2) See footnote 1 to Summary Compensation Table for an explanation of calculation.

The Compensation Committee established target LTI awards for each NEO. The number of shares or units is calculated based on the LTI targets and the closing price of the Company's stock on the day prior to grant date.

TRANSACTION BONUS

In light of the significant efforts expended in financing, negotiating and closing the Arcadia acquisition and the continuing effort and expertise that will be required to successfully integrate Arcadia with DMC, the Committee determined to make certain grants of common stock, with one-third of the grant vesting upon issuance to recognize the successfully closing of the acquisition, and the remainder vesting in full on the second anniversary of the date of grant to incentivize the executives to successfully integrate Arcadia with DMC. The Committee recommended, and the Board approved, a one-time grant of stock effective as of March 2, 2022, pursuant to the 2016 Omnibus Incentive Plan as follows:

Name	Number of Shares Cliff Vesting on the Second Anniversary of Grant	Number of Shares 100% Vested at Grant	Total Share Granted
Kevin T. Longe	11,074	5,537	16,611
Michael Kuta	6,817	3,408	10,225
Michelle Shepston	6,079	3,039	9,118

VESTING OF PRIOR AWARDS

PSU's granted on February 27, 2018 vested on February 27, 2021 at 200% of target award amounts based on the following:

- A relative three-year TSR of the Company's shares that is 97% above the average TSR of shares of the Company's peer group during this period

Name	Title	Number of PSUs

Ian Grieves	President and Managing Director, DynaEnergetics	3,000	6,000

Other Executive Compensation Practices and Policies

Stock Ownership Guidelines

We maintain rigorous stock ownership guidelines. After a five-year phase-in period, our CEO is expected to hold common stock with a value that is at least five times his base salary. After a three-year phase-in period, each of our other NEOs is expected to hold common stock equal to the aggregate number of shares awarded to such officer over the preceding three-year period, less the amount of stock equal in value to the taxes paid on such stock award. In addition, within five years of election to the Board, our non-employee directors are expected to hold stock worth at least five times the amount of the annual cash Board retainer fee. For purposes of the calculations for the CEO and non-employee directors, all shares held, whether vested, unvested or deferred, are considered owned by the executive or director. The value of shares held is calculated at the higher of (i) the average closing price of a share of the Company's stock for the year ending December 31 and (ii) the fair market value of the Company's stock on the date of vesting or acquisition. All of our NEOs and directors are in compliance with the stock ownership guidelines or fall within the relevant exception period.

Anti-Hedging and Anti-Pledging Policy

Our directors, officers and employees are prohibited from using any strategies or products (such as derivative securities or short-selling techniques) to hedge against potential changes in the value of DMC common stock. In addition, our directors, officers and employees are prohibited from holding DMC securities in a margin account or pledging DMC securities as collateral for a loan.

Clawback Policy

Our clawback policy allows the Board to recoup certain executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under the federal securities laws. The policy covers all the Company's current and future NEOs and applies to incentive compensation paid by the Company (annual bonuses and other short-term and long-term incentives, restricted stock and other equity awards).

Risk Assessment and Mitigation of Compensation Policies and Practices

Our Compensation Committee, with the assistance of management, reviews on an annual basis our compensation programs and considers whether they encourage excessive risk-taking by employees at the expense of long-term Company value. The Committee believes that the design of our executive compensation program, which includes a mix of annual and long-term incentives (a substantial portion of which are performance based) and cash and equity awards, along with our stock ownership guidelines and clawback policy, provide an appropriate balance between risk and reward and do not motivate imprudent risk-taking. As a result, we do not believe that our compensation policies are reasonably likely to have a material adverse effect on the Company.

Tax Considerations

We consider the impact of various tax and accounting rules in implementing our compensation program. We have historically structured incentive compensation arrangements with a view toward qualifying them as performance-based compensation exempt from the deduction limitations under Section 162(m) of the Internal Revenue Code, although we have viewed and continue to view the availability of a tax deduction as only one relevant consideration. The Committee believes that its primary responsibility is to provide a compensation program that is consistent with its compensation philosophy and supports the achievement of its compensation objectives.

Federal tax legislation enacted in December 2017 eliminated the Section 162(m) performance-based compensation exemption prospectively and made other changes to Section 162(m), but with a transition rule that preserves the performance-based compensation exemption for certain arrangements and awards in place as of November 2, 2017. We intend to continue to administer arrangements and awards subject to this transition rule with a view toward preserving their eligibility for the performance-based compensation exemption to the extent practicable and consistent with the non-tax compensation program objectives noted above.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Amounts in this column represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Assumptions used to determine the amounts in this column are the same as those used in the valuation of compensation expense for our audited financial statements. This column was prepared assuming none of the awards will be forfeited. Awards granted in 2021 include restricted stock awards, restricted stock units, and performance share units. The grant date fair values of restricted stock awards and restricted stock units were based on the market price of our stock on the grant dates. The fair value of performance share units with target Adjusted EBITDA performance conditions is based on the fair value of DMC's stock on the grant date. The fair value of PSUs with TSR performance conditions is based on a third-party valuation simulating a range of possible TSR outcomes over the performance period. For additional information about these restricted stock awards, refer to Note 6 of our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2021. The performance-based portion of the award assumes target performance will be achieved. For Mr. Longe, Mr. Kuta, Ms. Shepston, Mr. Grieves, and Mr. Nobili the grant date fair value of their 2021 stock awards assuming maximum achievement of performance metrics would be \$3,547,8458, \$1,170,836, \$461,237, \$620,905, and \$177,488, respectively.

(1) Actual amounts paid pursuant to our non-equity incentive plan are reported in the non-equity incentive plan column of the Summary Compensation Table. With respect to Messrs. Longe, Kuta, Grieves and Nobili and Ms. Shepston, these numbers represent threshold, target and maximum amounts that could have been earned under our annual performance bonus plan, which is based 70% on quantitative measures and 30% on qualitative measures, and allows for payments between 0% (threshold) and 180% (maximum) of the target amount, which is a specified percentage of base salary. At the time these measures are set and communicated to our named executive officers, they are substantially uncertain.

(2) Non-equity incentive plan awards for each of our named executives consist of a qualitative portion and a quantitative portion. The qualitative portion for each officer is based on the performance of that officer's individual responsibilities in meeting the strategy and objectives set by the Board for the Company. The quantitative portion of the awards for Messrs. Longe and Kuta and Ms. Shepston is based on Adjusted EBITDA of DMC as a percentage of revenue achieved in 2021, and in the case of Messrs. Grieves and Nobili, Adjusted EBITDA* as a percentage of revenue of the DynaEnergetics and NobelClad divisions, respectively, subject to application of a bonus multiplier of +/- 10% (but not beyond the 180% maximum of the potential bonus) based on the number of days by which DynaEnergetics (in the case of Mr. Grieves) or NobelClad (in the case of Mr. Nobili) increases or decreases its average working capital cash collection cycle during 2021 from the targets established by management. Messrs. Grieves and Nobili's payouts under the non-equity incentive plan are paid in Euros and converted to U.S. dollars using an exchange rate of 1.1828.

(3) Represents performance share units (PSUs). Performance share units represent the right to receive one share of the Company's stock based on the satisfaction of certain performance conditions. They vest on the third anniversary of the date of grant contingent on the achievement of two separate performance conditions - the achievement of a targeted Adjusted EBITDA goal and total shareholder return (TSR) performance relative to a disclosed peer group.

(4) Represents restricted stock and restricted stock units granted to Messrs. Longe, Kuta and Grieves and Ms. Shepston, which vest in one-third increments on the first, second and third anniversaries of the grant date. With respect to Mr. Nobili, two-thirds of the restricted stock units vest on the second anniversary of the grant date and one-third vests on the third anniversary of the grant date.

(5) In accordance with FASB ASC Topic 718, restricted stock awards and restricted stock units are valued based on the fair value of the Company's stock on the last market trading day prior to the grant date. The fair value of a performance unit with target Adjusted EBITDA performance conditions is based on the fair value of the Company's stock on the grant date. The fair value of a performance unit with TSR performance conditions is based on a third-party valuation simulating a range of possible TSR outcomes over the performance period. We have calculated the total grant date fair value of performance units assuming achievement of the target level of performance. Total dividends of \$0.25 per share were paid in 2020 on restricted stock awards granted to Messrs. Longe and Kuta and Ms. Shepston. The awards granted to Messrs. Grieves and Nobili were in the form of restricted stock units which do not qualify for dividends until shares of common stock are issued on each of the respective vesting dates.

EMPLOYMENT AGREEMENTS

During 2021, the Company had an employment agreement with Mr. Longe and agreements to compensate Messrs. Kuta, Grieves and Nobili and Ms. Shepston.

KEVIN T. LONGE

On June 26, 2012, Mr. Longe was appointed as the Company's Chief Operating Officer and Executive Vice President. At the time of his hiring as the Company's Chief Operating Officer, the Company and Mr. Longe agreed upon the terms and form of an employment agreement the parties would execute if the Board made Mr. Longe the Company's President and Chief Executive Officer. This employment agreement was executed and became effective when Mr. Longe assumed the position of President and Chief Executive Officer on March 1, 2013.

Mr. Longe's employment agreement provides for an annual base salary, which will be reviewed annually and may be increased (but not decreased) at the discretion of the Compensation Committee. This agreement provides that Mr. Longe is eligible (but not guaranteed) to receive a discretionary annual bonus of up to 100% of his base salary, based upon achievement of performance goals established by the Compensation Committee. Mr. Longe will be eligible to receive other incentive awards, which will vest immediately if Mr. Longe's employment is terminated other than for cause.

Under the employment agreement, Mr. Longe also receives the following benefits: (i) term life insurance coverage in the amount of \$750,000, which is in addition to the standard term life insurance provided in the Company's standard benefit plan; (ii) participation in the executive long-term disability plan; (iii) four weeks of vacation per year; (iv) participation in the Company's standard benefit programs including health and dental insurance, term life insurance, accidental death and dismemberment insurance, short and long term disability, paid holiday, and certain other standard benefits provided by the Company; (v) participation in the Company's 401(k) retirement plan; and (vi) reimbursement of up to \$5,000 of professional service fees annually for a financial planning and/or tax consulting.

The employment agreement may be terminated at any time by the Company for cause (as defined below) effective immediately upon written notice to Mr. Longe. The employment agreement also provides that Mr. Longe's employment can be terminated by the Company for any reason other than for cause upon the payment of an amount equal to 18 months of salary, payable in equal monthly payments, plus a bonus for such period equal to 150% of the average bonus (if any) paid to Mr. Longe for the three years preceding his termination (or, if shorter, the number of years of his employment with the Company), provided that Mr. Longe releases the Company from all claims as a condition of receiving the payments. Such amounts will be reduced to the extent that Mr. Longe accepts other employment prior to the final payment. Mr. Longe may terminate his employment with the Company at any time upon sixty days written notice (or upon such shorter period as the Company may agree in writing).

For purposes of Mr. Longe's employment agreement, "cause" is defined as: (i) a willful and substantial breach by Mr. Longe of the terms of the employment agreement that has a materially adverse effect on the business and affairs of the Company; (ii) the failure by Mr. Longe to substantially perform, or the gross negligence in the performance of, his duties under the agreement for a period of fifteen days after the Board has made a written demand for performance which specifically identifies the manner in which it believes that Mr. Longe has not substantially performed his duties; (iii) the commission by Mr. Longe of a willful act or failure to act of misconduct which is injurious to the Company, including, but not limited to, material violations of any Company policy (such as the Company's Code of Ethics); (iv) conviction or a plea of guilty or nolo contendere in connection with fraud or any crime that constitutes a felony in the jurisdiction involved; or (v) an act or failure to act constituting fraud or dishonesty that compromises Mr. Longe's ability to act effectively as a high-level executive of the Company.

Mr. Longe's agreement provides that if a Change in Control Event (as defined below) occurs and is followed within one year by a Material Change (as defined below) and the Material Change is not corrected following notice, Mr. Longe may terminate his employment, if not already terminated by the Company. If that occurs, Mr. Longe will be paid an amount equal to two years of salary and 200% of the average annual bonus earned over the preceding three years. In addition, all of Mr. Longe's restricted stock or other equity awards will immediately vest.

Generally, a "Change in Control Event" means (i) a person or group acquires 25% of more of the Company's stock; (ii) over a 24-month period the members of the Board at that time, or their appointees, fail to constitute a majority of the Board; (iii) the Company sells substantially all of its assets or merges into another corporation and its stockholders do not control the merged corporation; or (iv) the Company's stockholders approve the liquidation or dissolution of the Company. Generally, a "Material Change" means (i) a material change in Mr. Longe's functions, duties or responsibilities from those before the Change in Control Event; (ii) the Company assigns or reassigns him to another place of employment at least fifty miles from Boulder, Colorado; (iii) his salary and other compensation are reduced; or (iv) a purchaser of all or substantially all of the company's assets fails to assume Mr. Longe's employment agreement.

The employment agreement also contains customary non-competition and non-solicitation covenants. These covenants will be effective during Mr. Longe's employment and for a period of two years following termination of his employment for any reason.

MICHAEL KUTA

Our offer letter with Mr. Kuta dated February 23, 2014, provided a base salary, with participation in the annual incentive plan at a target level of 60% of base salary. Mr. Kuta is also eligible to participate in various Company benefit programs. We agreed to pay Mr. Kuta a one-time severance payment equal to 18 months of his then-current base salary if his employment was terminated as a result of a change of control of the Company. The definition of change of control is generally similar to the definition of Change of Control Event in Mr. Longe's employment agreement.

MICHELLE SHEPSTON

Our offer letter with Ms. Shepston dated July 17, 2016 provided a base salary, with participation in the annual incentive plan at a target level of 40% of base salary. Ms. Shepston is also eligible to participate in various Company benefit programs. We agreed to pay Ms. Shepston a one-time severance payment equal to 12 months of her then-current base salary if her employment is terminated as a result of a change of control of the Company (defined substantially in accordance with Change of Control Event in Mr. Longe's employment agreement), and agreed to pay a one-time severance payment equal to six months of her then-current base salary if her employment is terminated without cause other than in connection with a change of control.

IAN GRIEVES

DynaEnergetics Holding GmbH initially entered into an employment agreement with Mr. Grievés dated July 26, 2013, which was later replaced by an employment agreement entered into by and between DynaEnergetics Europe GmbH and Mr. Grievés dated January 1, 2020. Mr. Grievés' employment agreement provides for an annual base salary, with participation in the annual incentive plan at a target level of 60% of base salary. Mr. Grievés is also eligible to participate in various Company benefit programs. The employment agreement also contains non-competition and non-solicitation covenants, to be effective during Mr. Grievés' employment and for a period of two years following termination of his employment. For the duration of Mr. Grievés' non-competition obligation following termination, he will receive compensation in an amount equal to one half of his fixed yearly annual salary.

ANTOINE NOBILI

NON-QUALIFIED DEFERRED COMPENSATION

NEOs are eligible to defer a portion of their annual salary, their annual incentive bonus, and their equity awards through the DMC Global Inc. Deferred Compensation Plan on a tax-deferred basis. Deferrals into the plan are not matched or subsidized by the Company, nor are they eligible for above-market or preferential earnings.

The following table shows information about the amount of contributions, earnings, and balances for each named executive officer under the Company's Deferred Compensation Plan as of December 31, 2021.

Name	Beginning balance	Cash contributions ⁽¹⁾	Equity contributions ⁽²⁾	Aggregate earnings/ (losses) ⁽⁴⁾	Aggregate distributions/ adjustments ⁽⁵⁾	Ending balance
Kevin T. Longe	\$ 12,239,303	\$ -	\$ 629,900 ⁽³⁾	\$ (141,074)	\$ (130,446)	\$ 12,597,683

Antoine Nobili	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

(1) Equity contributions are deferred in the year granted and include non-vested shares. The election to defer equity awards occurs prior to the year such awards are granted, regardless of the vesting terms of the award.

(2) Equity contributions for Messrs. Longe and Kuta include shares granted upon achievement of performance conditions. Performance share units (PSUs) granted in 2018 were deferred. Upon achievement of specified performance targets over the three-year period from 2018 through 2020, the Company determined that the maximum performance conditions were fully satisfied, and as a result, 20,000 PSUs were awarded to Mr. Longe and 8,000 PSUs awarded to Mr. Kuta vested. Participants deferred the target number of awards in the year granted, which represented 10,000 for Mr. Longe and 4,000 for Mr. Kuta. These shares were reported as compensation in the Summary Compensation Table in the year granted.

(3) Earnings on deferral of Company shares represent the change in the Company stock price from contribution dates to the end of the year. Earnings on bonus or annual salary contributions represent the change in value of the investments selected by the participant.

(4) Distributions shown represent the value of shares withheld to cover the taxes owed upon the vesting of restricted stock awards previously deferred into the plan.

POTENTIAL PAYMENTS UPON TERMINATION

The table below sets forth the potential payments to our named executive officers under various termination scenarios including termination without cause, termination as a result of death or disability and termination as a result of retirement, under the terms of their respective employment or other agreements and the equity incentive plans. See "Employment Agreements" above for a summary of the terms of applicable employment agreements or arrangements with our named executive officers. Under the award agreements governing equity grants under our equity incentive plans, if the named executive officer's employment is terminated for any reason other than (i) death, (ii) disability, or (iii) termination without cause (as defined in the executive's employment agreement), the named executive officer shall, for no consideration, forfeit to us any shares of restricted stock to the extent such shares are not vested at the time of such termination of employment. If the named executive officer's employment terminates due to death or disability, or is terminated without cause, any unvested shares of restricted stock or restricted stock units will immediately vest on the date of the executive's termination of employment for such reason.

For purposes of this table, we have assumed the date of termination of employment (regardless of the circumstances) is December 31, 2021, and that termination occurred under the terms of any current employment or change in control agreement. The price of our common stock on December 31, 2021 was \$39.61. We have not included the financial effect of a termination for cause as the named executive officers are not entitled to any further compensation or benefits following such a termination. Furthermore, the amounts shown in the tables below do not include payments to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, including accrued salary and vacation pay. Payment of salary continuation upon termination will be made in monthly payments while any salary owed upon termination will be paid in a single lump sum. Payment of these amounts after termination without cause is generally conditioned upon the former executive's execution of a release and waivers and continued compliance with non-competition, non-solicitation, and confidentiality obligations. We may make changes to the current employment and termination arrangements with our executive officers or enter into new arrangements from time to time.

Under German labor laws and depending on the facts and circumstances around the termination, Mr. Grieves may be entitled to more severance that cannot be calculated at this time.

(10) In case of death, Mr. Grieves' survivors would be entitled to three months of salary and bonus. The amounts are based on Mr. Grieves' base pay guaranteed to be equivalent to at least \$350,000 and target bonus of \$210,000 calculated using that base pay.

(1) Amounts shown reflect annual fees for each member of the Board related to Board service and serving as the chair of the Board or chair of a Board committee. All fees are paid quarterly.

(2) Amounts shown in this column represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of shares granted to each director. See Note 6 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2021 regarding assumptions underlying valuation of equity awards. 1,888 shares were granted on May 12, 2021 to each non-employee director then in office, all of which remain outstanding and unvested as of December 31, 2021.

(3) Perquisites and personal benefits were excluded for all of the non-employee directors to the extent that the total value of all perquisites and personal benefits for the director was less than \$10,000.

(4) On May 12, 2021, Mr. Cariou retired from the Board.

COMPENSATION FOR NON-EMPLOYEE DIRECTORS

Our director compensation program is designed to include annual retainer fees paid in a combination of cash and restricted stock and additional cash retainer amounts paid for Board and committee leadership positions. In 2021, each of our non-employee directors received an annual cash retainer of \$65,000. Each non-employee director was also granted on the date of the Company's 2021 annual stockholder meeting a restricted stock award with a value equivalent to \$110,000 (based on the closing price of DMC's stock on the trading day prior to the annual stockholder meeting), with such awards to vest in full on the one-year anniversary of the grant date. Directors received additional annual cash retainers as follows: \$40,000 to the Chairman of the Board; \$20,000 to the Audit Committee chairman; \$12,000 to the Compensation Committee chairman; and \$9,000 to the chairman of each of the other Board committees.

The annual cash retainers are paid quarterly. If two meetings are missed by a director, the retainer will be reduced by 25% and reduced further on a pro rata basis for each additional meeting missed. The members of the Board are also eligible for reimbursement of their expenses incurred in connection with attendance at Board meetings. New directors typically receive a restricted stock award with a value equivalent to \$60,000 as of their date of appointment to the Board, with such award to vest in full on the one-year anniversary of the grant date.

Directors are eligible to defer any or all of their annual cash retainers and equity awards through the DMC Global Inc. Deferred Compensation Plan on a tax-deferred basis. During 2021, Mr. Graff and Ms. Bertone elected to defer all of their annual equity awards. Deferrals into the plan are not matched or subsidized by the Company, nor are they eligible for above-market or preferential earnings.

STOCK OWNERSHIP GUIDELINES FOR NON-EMPLOYEE DIRECTORS

Under our stock ownership guidelines, within five years of election to the Board, our non-employee directors are expected to hold stock worth at least five times the amount of the annual cash Board retainer fee. All of our non-employee directors are in compliance with the stock ownership guidelines or fall within the exception period.

CEO PAY RATIO FOR FISCAL YEAR FOR 2021

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to disclose the annual total compensation of the individual identified as our median paid employee, the annual total compensation of our CEO, Mr. Longe, and the ratio of these two amounts. In 2021, the annual total compensation for the median identified employee was \$67,839; the annual total compensation for our CEO was \$3,844,266; and the resulting ratio between the two was approximately 1 to 57.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described below. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

In determining the employee population to be used to identify the median employee, we included all of our full-time, part-time, and temporary employees globally (excluding our CEO) who were employed as of December 31, 2021, consisting of 1,660 employees, of which 1,460 were U.S. employees and 254 were non-U.S. employees. We excluded from this employee population 945 employees of Arcadia pursuant to the exception for acquisitions that close during the fiscal year that is provided in the applicable SEC rule. In addition, we excluded seven employees (three employees in Korea, two employees in China, one employee in Singapore and one employee in Ireland) who represented less than 5% of our total employees, pursuant to the "de minimis" exception provided in the applicable SEC rule. As a result, the employee population that we used for purposes of determining the compensation of our median employee consisted of 708 employees, of which 461 were U.S. employees and 247 were non-U.S. employees.

We used a consistently applied compensation measure to identify our median employee, which consisted of total cash compensation (including wages and cash bonuses) paid to each employee (other than the CEO) during 2021.

Earnings of our employees outside the U.S. were converted to U.S. dollars using the same yearly average exchange rate used in preparing our December 31, 2021 consolidated financial statements.

DELINQUENT SECTION 16 REPORTS

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC an initial report of ownership and to report changes in ownership of our common stock and other equity securities. Officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2021, all Section 16(a) filing requirements applicable to our officers, directors, and greater than 10% beneficial owners were complied with and filed on time, except for one late Form 4 for Mr. Nobili reporting two transactions.

CODE OF ETHICS AND BUSINESS CONDUCT

We have adopted a Code of Ethics that applies to all members of our Board and all of our employees, including our principal executive officer, principal financial officer, principal accounting officer and all other senior members of our finance and accounting departments. We require all employees to adhere to our Code of Ethics in addressing legal and ethical issues encountered in conducting their work. Our Board periodically, and at least annually, reviews and revises our Code of Ethics, as appropriate. We intend to disclose any waivers of the Code of Ethics that would otherwise be required to be disclosed in a Current Report on Form 8-K or on our website. A copy of our Code of Ethics is available on our website, www.dmcglobal.com.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board recognizes that certain transactions, arrangements, and relationships between us, on the one hand, and members of the Board, certain officers and persons and entities affiliated with such persons, on the other hand, present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof), compared to transactions between us and unaffiliated third parties. Accordingly, the Board has adopted related party transaction policies and procedures for the purpose of establishing guidelines and procedures by which our Audit Committee and Corporate Governance and Nominating Committee shall review and oversee proposed related party transactions, as more fully described therein.

In accordance with our Code of Ethics, employees are directed to avoid conflicts of interest. Potential conflicts of interest must be brought to the attention of the Chief Legal Officer, or in the case of a potential conflict related to an executive officer or director, to the Chairman of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee will refer any conflicts that would require disclosure under Rule 404 of SEC Regulation S-K to the Audit Committee, who is responsible for reviewing and approving any such transactions. All other potential conflicts will be subject to review by the Corporate Governance and Nominating Committee.

DMC believes the terms of the transactions described below are comparable to terms that would have been reached by unrelated parties in arm's-length transactions. The Audit Committee has approved each of the transactions disclosed below.

On December 23, 2021, DMC acquired 60% of Arcadia Products, LLC, a Colorado limited liability company ("Arcadia") resulting from the conversion of Arcadia, Inc., a California corporation, following a tax reorganization (the "Arcadia Acquisition"). The remaining 40% of Arcadia is owned by New Arcadia Holdings, Inc., which is indirectly owned by Gerard Munera, a director of Arcadia. On December 23, 2021, and in connection with the Arcadia Acquisition, Arcadia entered into eight new leases with Alpine Universal, Inc. ("Alpine"), of which Jim Schladen, President and a director of Arcadia, owns 13%, and Gerard Munera, a director and indirect owner of Arcadia, owns 51%. These leases support Arcadia's manufacturing, warehouse and distribution centers. The table below sets forth the following information for each lease: (a) the lease location, (b) the expiration date of the current lease term, (c) the aggregate amount of lease payments due during fiscal 2021 through the end of the current term, and (d) the approximate dollar value of Mr. Schladen's interest in the lease transactions.
